Dear Friends,

### **Welcome to the Holistic Child Health Newsletter.**

The goal of my holistic pediatric practice, and of this newsletter, is to inform and support parents to become more empowered as the primary health care providers for their children.

Extending far beyond Western medicine's conventional treatments, holistic medicine and mindful parenting allow us to boost children's natural immunity, support their optimum health and wellness, safely heal any illnesses, and prevent disease-without dangerous side effects. Holistic medicine provides us with the tools to nurture the physical, emotional, social and spiritual health of your children.

Over the coming months and years, I intend to use this newsletter to address some of your concerns as parents, share information that you might want to add to your knowledge base, and inform you of important issues and current events that are happening in the news, and in your area.

Together we can heal the whole child. Naturally.

Yours in Health,

***Lawrence B. Palevsky, MD***

## STAY CONNECTED WITH DR PALEVSKY

### Stay Connected With Us!

#### **IMPORTANT MESSAGE FROM DR PALEVSKY: PLEASE READ**

In these difficult times, with more and more pages being removed and voices being censored from certain channels, we hope you will join our mailing list to ensure we can stay in touch with you.

Dr Palevsky can also be found censorship-free (for now) on the platforms listed (with links) below. Please join us there NOW!

On these different platforms, Dr. Palevsky will offer you access to expert opinions, critical thinking, scientific facts, honest reporting, powerful options to take action, like-minded community, and higher consciousness.

It is our hope that on these platforms, you will become better informed, and ultimately, develop your own knowledge base by thinking through the issues, yourselves, while also having the advantage of connecting to a greater global community.

Please Sign Up for these Platforms Now and Find Dr Palevsky Here:

## **CRITICALLY THINKING w DrT and DrP - SPECIAL EVENT**

### **The 5 Doctors Discuss COVID Shots and Infertility**

On Sunday, May 16, The Five Doctors gathered to continue the discussion regarding the transmission of "something" from an injected (vaccinated) person to those who have not been injected (unvaccinated).

Join Dr. Sherri Tenpenny, Dr. Larry Palevsky, Dr. Christiane Northrup, and Dr. Lee Merritt as they discuss the long-standing plan for infertility vaccines and the deeply troubling approval of the Pfizer shot for 12- to 15-year-old children.

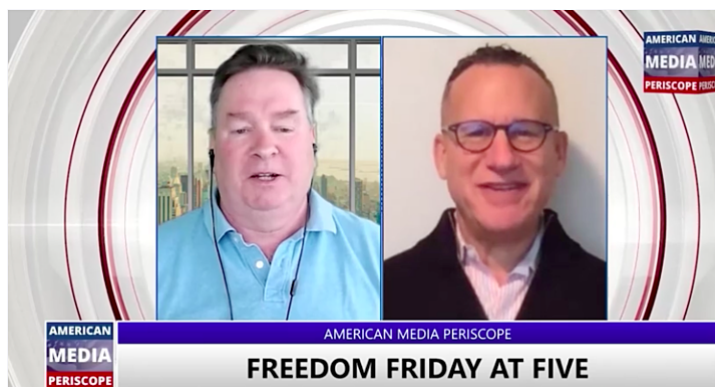

(Dr. Carrie Madej was unable to join due to a last-minute family emergency.)

## Critical Thinking, Insights and Concerns - An Interview with Dr Palevsky on Inspired Health Podcast with Dr Jason Loken ND

In this podcast, Dr. Larry Palevsky, shares with us his insights around kids, brain development, the importance of experiencing discomfort and his personal thoughts and concerns around our current state of affairs.

Highlights

- Identifying with the body's natural capacity to heal.
- Learn what NOT to tell your child when they are upset.
- Discover how children learn and how to support them.
- Understanding how the brain develops and its relationship to learning.
- Why owning our own "knowing" is so essential and how this relates to the predicament we are currently in at this time.
- Learn the value in discomfort.
- Critical thinking, insights and concerns for our current state of affairs.

## **SURVEY ON EFFECTS OF THE COVID-19 SHOT**

### **Your Cycle Story is Data**

**We hear you. We are listening. We want answers too.**

Clinical Trials Did not Study Covid-19 Vaccine Effects on Women's Reproductive Systems. There have also been reports of reactions from women who have NOT received the Covid-19 Vaccine. We are studying both.

We're an independent research group that is going to collect as much data as possible so that we can learn more about what's going on with Women's Cycles. With this information we will be able to share it with researchers, doctors, scientists and more to help discover possible causation and maybe even solutions.

All we know right now is that we need more and better information. Whether or not you've been vaccinated for Covid-19, if you've had menstrual irregularities, please help us by participating in our research study and sharing your cycle story.

This survey will prompt you to create a login – this will ensure your data and health information will be encrypted and protected. The survey will take about 20 minutes, but your contribution will be invaluable.

On behalf of all of our daughters, mothers, sisters and friends, we thank you for participating.

**Take the Cycle Survey Here:**

[www.mycyclestory.com](http://www.mycyclestory.com)

## ACADEMY OF DIVINE KNOWLEDGE

**Dr Palevsky is honored to be a part of an exciting and upcoming global initiative called The Academy of Divine Knowledge!**

The Academy of Divine Knowledge is a censorship-free hub for consciousness-expanding content, including interviews and live discussions with some incredible

teachers and guests from a wide variety of fields, with the intention of catalyzing humanity's consciousness together.

Join Dr Palevsky as he talks with Jason Shurka and answers all of the major questions regarding C-19: EXPOSED (Part 2). This full interview will be available on "The Academy of Divine Knowledge" to watch very soon!

Want to join the Academy of Divine Knowledge?

Click this link <https://bit.ly/3v6KXr6> to sign up for this incredible initiative and be a part of this amazing community of like-minded individuals.

Let's share this important information.

Let's inspire others together.

Let's change the world.

**Click Here to Join The Academy of Divine Knowledge and access this full interview (and much much more): <https://bit.ly/3v6KXr6>**

**Watch a trailer for the full interview below.....**

**ACTION ALERT**

## **NEW YORK TAKE ACTION!!!!**

A279 Passed Codes. Amended Version Now Going to Rules Committee. Not As Bad, But Not Good Enough...Protect Medical Privacy.

Recently, A279, the bill to allow the state to confiscate adult vaccination records passed in the Assembly Codes Committee on a 15-7 vote. Assemblymember Tom Abinanti was the lone Democrat joining the 6 Republicans in voting against the bill. The bill has been amended, however, in a way that significantly reduces the threat posed to the medical privacy of PEOPLE WHO KNOW THEIR RIGHTS, but would still create an unacceptable overreach of state power.

The bill is now called A279A the final "A" meaning it has been amended. The following paragraph was added to the bill,

"III) HOWEVER, NO REPORT SHALL BE MADE UNDER THIS PARAGRAPH IF THE PERSON TO WHOM THE VACCINE IS ADMINISTERED, OR A PERSON AUTHORIZED TO CONSENT TO HEALTH CARE FOR THE PERSON, OBJECTS TO THE PERSON WHO ADMINISTERED THE VACCINE, PRIOR TO THE MAKING OF THE REPORT."

So, if a person is aware of their rights, they can request that their information not be entered into the database. And if the person and organization administering the shot follows the law the information will not be entered. A step in the right direction, but not nearly enough. And the only reason we have this is because you have been inundating our representatives with calls, emails and other communications. The bill is now slated to go to the Assembly Rules Committee. The last stop before a vote on the floor.

Creating a database of this kind is an essential first step to enforcing adult vaccination mandates and vaccine passports, a long-desired goal of the vaccine industry. The only feasible use for it is to identify people who have not complied with state forced vaccination measures and target non-compliant people for coercion, isolation and punishment. Black people in New York has half the vaccination rate of the state wide average, and Hispanics are only slightly better. This bill is setting up those communities for a disproportionate enforcement actions. One issue the Legislature is exceedingly sensitive about is anything involving illegal aliens/undocumented immigrants. The information in this bill will be provided to the CDC and there is nothing to stop the CDC from passing that information on to Immigration and Customs Enforcement (ICE).

Please get on the phone and your computer and contact the following members of the Assembly Rules Committee. Talking points are below the contact info.

Please click the link below to send emails to the leadership of the legislature and your own State Senator and Assemblymember and the members of the Assembly Rules Committee.

[https://cqrcengage.com/achamp/app/write-a-letter?o&engagementId=511915&ep=AAAAC2FlcoNpcGhlcjAxlSYZjqm61DYFaKivHNV8R5YERItW9-lNIoCTWYwoOBisNSo4TOT4pDdknnClsV-vwJd4Af\\_drbcGkB\\_fiLqCJr7Y3SdOPte7hM93QEXkWo&lp=ohhttps://cqrcengage.com/achamp/app/write-a-letter?2...](https://cqrcengage.com/achamp/app/write-a-letter?o&engagementId=511915&ep=AAAAC2FlcoNpcGhlcjAxlSYZjqm61DYFaKivHNV8R5YERItW9-lNIoCTWYwoOBisNSo4TOT4pDdknnClsV-vwJd4Af_drbcGkB_fiLqCJr7Y3SdOPte7hM93QEXkWo&lp=ohhttps://cqrcengage.com/achamp/app/write-a-letter?2...)

Please call your own Assemblymember and politely ask him or her to vote against the bill. Contact information should appear below:

Asm. Keith Brown (R), (518) 455-5952, (631) 923-4100

Please get on the phone and your computer and contact the members of the Assembly Codes Committee. Contact information below.

Please comment on the members' Facebook pages. Ask them to vote NO. Please be polite. Ranting, threats and name calling, etc. doesn't do us any good and may alienate people whose vote we may be able to get in the future. Please keep it civil, calm and polite.

Please tweet them if you use Twitter.

We wanted to get this message out quickly, so we do not have all the Twitter and Facebook addresses of all the members. We will provide that with an update later. And please email them directly with your own reasons for opposing the bill. Again, be civil, calm and polite.

Many of the phone numbers will go directly to voice mail and frequently voice mail boxes are full, so use the other methods of communication.

It is highly unlikely that any member who already voted for the bill in another committee, or co-sponsored the bill. will vote against it in Rules.

Please start at the top with Speaker Carl Heastie (the Boss) and work your way down.

Before you start on that if you support the work of the Autism Action Network please keep us in business by donating here:

The State of New York already has a database for adult vaccination records, but participation is voluntary for both physicians and patients. Currently, physicians can put a patient's information into the database if they choose. The bill will require them to enter the data. A physician may only enter the data in the database they get permission from the patient. This bill takes away the patients right to consent. The vaccine industry has said for years that its future growth depends on getting more adults to take more vaccines, recognizing that there is not much upside growth in the infant and children market. They need this type of database to track who is and who is not using their products, and to use the power of the State to eventually force people to take their vaccines of face consequences, and to get the tax payer to pay for it all.

Black New Yorkers have half the Covid-19 vaccination rate as the statewide average for all people. Hispanics are only slightly more vaccinated than blacks. Clearly, a disproportionate and discriminatory enforcement focus will be on these groups. This database will make that discrimination possible.

This bill takes away our right to keep our medical information private. If the state has access to vaccination records, why not other records? Bureaucracies are always seeking to expand their reach and authority. It is only a matter of time before there will be pressure to add other medical information: prescription drugs, HIV status, other STI status, etc. Once we lose the right to medical privacy we will not get it back.

In the discussion in the Senate Health Committee on the companion bill, Senator Hoylman had little more to say then "we need this because of Covid," without explaining how this bill will make the Covid situation any better. More than half of the adults in New York have received at least one Covid shot. Some of those records are in the database already, but most probably aren't. How useful is an incomplete database? And what will the database be used for?

And what about adults who have already had Covid and recovered? That status will not be recorded in the database, and there is growing evidence that vaccinating people with a Covid vaccine who have already had Covid have a much higher rate of serious adverse reactions. But recovered people probably have more robust immunity to Covid than vaccinated people. That is yet another aspect of Covid that is

insufficiently studied. But law and policy are being made as if all those questions are known.

We currently have the exact same type of database for school children. It is used to monitor whether children are current with the vaccine schedule and, if not, to coerce their parents to get them up to date, and if the parents do not comply then the child loses their right to an education. This is a tool for surveillance, enforcement and punishment.

The adult database will be used for the same purpose. It will be used too surveil all adults, track their vaccine status, coerce those who are out of compliance, and eventually punish those who do not obey.

A database of this kind will be necessary to enforce any system of vaccine passports, such as the current Excelsior Pass. Vaccine passports are systems of medical apartheid or segregation, but these can only work if there is a database like this bill would create. It is telling that the list of states that have resumed normal life is growing, but here in New York we are implementing invasive systems to allow more isolation, control and segregation.

Please share this message with family and friends, and please post to social networks while we still can.

## **ABOUT DR PALEVSKY**

Dr. Palevsky is a NYS licensed pediatrician, who utilizes a holistic approach to children's wellness and illness. Dr. Palevsky received his medical degree from the NYU School of Medicine in 1987, completed a three-year pediatric residency at The Mount Sinai Hospital in NYC in 1990, and served as a pediatric fellow in the ambulatory care out-patient department at Bellevue Hospital, NYC, from 1990-1991. Since 1991, his clinical experience includes working in pediatric emergency and intensive care medicine, in-patient and out-patient pediatric medicine, neonatal intensive care medicine, newborn and delivery room medicine, and conventional, holistic and integrative pediatric private practice.

Dr. Palevsky is a diplomate of the American Board of Integrative Holistic Medicine, and Past-President of the American Holistic Medical Association. He received his pediatric board certification in 1990, and passed his pediatric board recertification exams in 1997, 2004, and 2011.

In his current practice in Northport, Long Island and Manhattan, NYC, Dr. Palevsky offers well-child examinations, consultations and educational programs to families and practitioners in the areas of preventive and holistic health; childhood development; lifestyle changes; nutrition for adults, infants and children; safe, alternative treatments for common and difficult to treat acute and chronic pediatric and adult conditions; vaccination controversies; mindful parenting; and rethinking the medical paradigm. Additionally, he teaches holistic integrative pediatric & adolescent medicine to parents, and medical and allied health professionals, both nationally & internationally, and is available for speaking engagements worldwide.
