Dear Friends,

Welcome to the Holistic Child Health Newsletter.

The goal of my holistic pediatric practice, and of this newsletter, is to inform and support parents to become more empowered as the primary health care providers for their children.

Extending far beyond Western medicine's conventional treatments, holistic medicine and mindful parenting allow us to boost children's natural immunity, support their optimum health and wellness, safely heal any illnesses, and prevent disease-without dangerous side effects. Holistic medicine provides us with the tools to nurture the physical, emotional, social and spiritual health of your children.

Over the coming months and years, I intend to use this newsletter to address some of your concerns as parents, share information that you might want to add to your knowledge base, and inform you of important issues and current events that are happening in the news, and in your area.

Together we can heal the whole child. Naturally.

Yours in Health,

Lawrence B. Palevsky, MD

The Viral Delusion

**The Tragic Pseudoscience of SARS-CoV-2 &
The Madness of Modern Virology**

The Untold Story Behind The Pandemic

The doctors, scientists and journalists featured in THE VIRAL DELUSION examine in detail the scientific papers that were used to justify the pandemic, and what they find is shattering.

In this shocking, five-part, seven hour documentary series, they explode every single major claim, from the "isolation" of the virus to its so-called genetic sequencing, from the discovery of how to "test" for SARS-CoV2 to the emergence of "variants" that in reality, they explain, exist only on a computer. Their point: that the so-called SARS-CoV-2 virus exists only as a mental construct whose existence in the real world has been disproven by the science itself.

Featuring: Larry Palevsky MD, Andrew Kaufman, MD; Tom Cowan, MD; Stefan Lanka, Virologist; Torsten Engelbrecht, journalist; Claus Kohnlein, MD; Kevin Corbett, PhD RN; David Rasnick, Biochemist PhD; Mark Bailey, MD; Dawn Lester and David Parker, Authors; Stefano Scoglio, Biochemist PhD; Saeed Qureeshi,

Chemist PhD; Celia Farber, Journalist; Harold Wallach, PhD; Pam Popper, PhD, ND; Charles Gesheker, PhD; Amanda Vollmer ND, Jim West, Author; and more.

The opening episode, which is two hours and twenty minutes, will be available for free from March 21st until May 21st.

Pfizer Hired 600+ People to Process Vaccine Injury Reports, Documents Reveal

“The rollout of the Pfizer vaccine has led to an unprecedented number of adverse events reported — 158,000 adverse events in the first two-plus months of the rollout means that the rate of reported AE [adverse events] was approximately 1:1000, with many of the AEs graded as serious. This is based on a denominator of 125,000,000 vaccines distributed.” “It is no wonder that an army of 1,800 individuals was needed to process all of the information.”
