

Dear Friends,

Welcome to the Holistic Child Health Newsletter.

The goal of my holistic pediatric practice, and of this newsletter, is to inform and support parents to become more empowered as the primary health care providers for their children.

Extending far beyond Western medicine's conventional treatments, holistic medicine and mindful parenting allow us to boost children's natural immunity, support their optimum health and wellness, safely heal any illnesses, and prevent disease-without dangerous side effects. Holistic medicine provides us with the tools to nurture the physical, emotional, social and spiritual health of your children.

Over the coming months and years, I intend to use this newsletter to address some of your concerns as parents, share information that you might want to add to your knowledge base, and inform you of important issues and current events that are happening in the news, and in your area.

Together we can heal the whole child. Naturally.

Yours in Health,

Lawrence B. Palevsky, MD

What happens when an ancient wisdom – a mother's intuition - is pitted against powerful interests in a race against time?

Watch this Historic Debate Between Children's Health Defense Chairman Robert F. Kennedy, Jr. and Harvard Law Professor Alan Dershowitz.

With the current COVID crisis dominating headlines at national and local levels, the topic of vaccines is now front and center. The two attorneys debate a range of issues including vaccine mandates, the PREP Act, the lack of vaccine safety studies, Jacobson vs. Massachusetts, and HHS's failure to act on provisions of the National Childhood Vaccine Injury Act.
