

Dear Friends,

Save

Welcome to the Holistic Child Health Newsletter.

The goal of my holistic pediatric practice, and of this newsletter, is to inform and support parents to become more empowered as the primary health care providers for their children.

Extending far beyond Western medicine's conventional treatments, holistic medicine and mindful parenting allow us to boost children's natural immunity, support their optimum health and wellness, safely heal any illnesses, and prevent disease-without dangerous side effects. Holistic medicine provides us with the tools to nurture the physical, emotional, social and spiritual health of your children.

Over the coming months and years, I intend to use this newsletter to address some of your concerns as parents, share information that you might want to add to your knowledge base, and inform you of important issues and current events that are happening in the news, and in your area.

Together we can heal the whole child. Naturally.

Yours in Health,

Lawrence B. Palevsky, MD

DR LARRY ON WISE TRADITIONS PODCAST

Dr Palevsky Joins Hilda Labrada Gore (from The Weston A. Price Foundation) on the Wise Traditions Podcast...

The Scoop on the Covid-19 Shot

Even though the covid "health emergency" has officially ended, lots of questions remain. The COVID19 shot is still being recommended by the CDC for inclusion on the childhood vaccination schedule. Boosters are continually encouraged. And one-third of private businesses still have COVID19 shot-related mandates in place.

Dr. Larry Palevsky, a holistic pediatrician, has been questioning all of the above (and the shots themselves) since the beginning. He has witnessed the deleterious effects of the COVID19 injection, as have countless healthcare workers. Dr Larry, today,

tells us what is shifting, in terms of healthcare practitioners' view of the injections and the health care system, itself. He also shares protocols for detoxing from the shot, and how to build a strong health foundation, come what may.

The podcast is available on almost all podcast platforms, including Spotify, Google Play, Apple Podcasts, Stitcher, YouTube, iHeart Radio, and, of course, on the westonaprice.org website.

You can find this episode by searching Wise Traditions in your favorite Podcast App, or by visiting the PODCASTS page on Dr Palevsky's website - <https://www.drpalevsky.com/podcasts01.html>

You can also read the transcript here:

DON'T MISS THE 5 DOCS SUMMER BOOTCAMP

Post Pandemic Health Strategies
a 5 Docs Summer Bootcamp

Learning4You.org

Dr. Larry Palevsky

Dr. Sherri Tenpenny

Dr. Lee Merritt

Dr. Christiane Northrup

Dr. Carrie Madej

**Join Dr. Larry Palevsky at the new
"5 Docs Summer Boot Camp"**

**Registration is OPEN NOW for the exclusive "5 Docs Boot
Camp" featuring your favorite doctors:
Dr. Sherri Tenpenny, Dr. Larry Palevsky, Dr. Lee Merritt, Dr. Christiane
Northrup, and Dr. Carrie Madej**

The 5 Docs will be discussing **POST PANDEMIC HEALTH STRATEGIES with exclusive content not seen anywhere else.**

This new Summer Boot Camp is 6 WEEKS of exclusive content from each of the 5 Docs you've come to love and trust on some of the most important topics for YOUR HEALTH in a post-pandemic world.

Each week will feature one of the 5 Docs (accompanied by one or more of the other Docs) to focus on their materials and each THURSDAY evening will be a LIVE ZOOM presentation! (All will be recorded for your viewing convenience so you never have to miss anything!)

It all wraps up with a Round Table Discussion with all of the doctors on the last week.

Boot Camp STARTS July 1st, so REGISTER NOW and join me!

**SIGN UP NOW FOR THE END OF COVID -
ONLINE EVENT**

The End of C@v!d -Don't Miss This Exciting Online Event Starting July 11th!

This is one of the most exciting online educational events of our lifetime... and possibly will prove to be the most impactful.

In total, there are over one hundred hours of content, organized into a complete education, and presented by The Way Forward, Alfa Vedic, and The Sovereign's Way.

The End of C@V!D starts streaming for FREE on July 11th.

After three years of nonsense, we have to rethink everything we've been told. About masks. About shots. About how we even get sick in the first place. We have to unlearn what we've been led to believe about our health. And our ability to be free in this world.

The End of C@V!D is 88 pieces of long-form content – created to end every pandemic – so we all can move on. Over one hundred hours of content will start streaming on July 11th, and is designed for the way in which we consume content today.

Like a podcast, it features recorded interviews, presentations, and conversations – with an extensive cast of doctors, authors, and independent researchers.

The wide-range of topics are organized into learning modules, similar to an online class – making The End of C@V!D a completely unique, online educational experience.

To Learn More and to sign up and stream it free for 21 days (starting July 11th) simply click below:

RECOMMENDED BY DR PALEVSKY

Let me introduce you to **Prime My Body...**

As a pediatrician, I see children dealing with levels of extreme anxiety like never before. The constant fight or flight response affects all aspects of our well-being - sleep patterns, emotional and mental states, ability to focus and manage trauma. It was recently discovered that we have an endocannabinoid system that regulates all of the other systems in our body. This system has become deficient with the overload of toxins and excessive stress from today's world. Hemp, which is a food high in cannabinoids, brings our bodies back into balance when we consume it.

**PLEASE DOUBLE CLICK ON THE IMAGE BELOW TO WATCH
THIS VIDEO MESSAGE FROM DR PALEVSKY**

I specifically recommend the **CALM** Formula, which contains both CBD and CBG, for children as a solution to support the body during these traumatic times and naturally restore their bodies to a state of homeostasis. It can be taken in the morning before school or daily activities and/or at night before bedtime to help with sleep.

- Helps quiet restless, racing brain activity
- Suppresses sleep-inhibiting hormone messaging
- Supports mind & body homeostasis
- Supports composed and balanced well-being
- Promotes the activation of natural melatonin release
- Helps to regulate and balance mood

Some children do better with more CBG and in that case I would recommend the **FOCUS** Formula, which has a higher concentration of CBG along with other terpenes. Many children who have a hard time concentrating would benefit from a dose of FOCUS before school or morning activities. CBG serves as the pre-cursor or mother phytocannabinoid to many others, including CBD and THC.

Because industrial hemp plants are known to produce only trace amounts of CBG, sophisticated measures are taken to only extract CBG for its use in FOCUS.

Having a direct effect on the endocannabinoid system and cannabinoid receptors, CBG provides a wealth of benefits that support preventative, chronic, and acute care. A major finding of CBG is its neuro-protective and neuro-regenerative traits. It is also a valuable resource for gut health!

- Completes the entourage effect
- Contains anti-bacterial properties
- Promotes neuro-regeneration/protection
- Supports bone health
- Improves mood & gut health
- Supports rest & sleep
- Promotes Natural Analgesic (discomfort relief)

Other children do better with only CBG and for those children I would recommend the **SHIELD** product which only has CBG along with other powerful immune boosting botanicals. SHIELD's 18 carefully curated botanical ingredients + CBG provide a wide-range of immune-supportive benefits that help to protect you.

The MCT oil base (unlike the other two formulas) targets the gut and digestive tract so that the body absorbs it differently than the other products that enter directly into the blood stream with their nano-particle size.

The elderberry taste is also well received by children or easily added to juice.

- Supports and stimulates optimal immune function

- Minimizes stress that impairs immune health and its response system
- Promotes white cell production
- Supports faster recovery during declined health
- Helps balance endocannabinoid system function

I highly recommend trying a variety of products and doses for your children (and yourself) to see which work best for you. As I mentioned in my video, this is the first time I have ever endorsed any product of any kind, but I believe our cannabinoid systems need to be nourished and have seen improvements in my patients whose CBD and CBG - and these are products I feel confident to stand behind.

CURRENTLY 10% OFF THESE THREE PRODUCTS!

You can learn more about these hemp related products by going to drpalevsky.primemybody.com

Give them a try and please share with us your family testimonials! We want to hear how they work for you so we can begin to document the results.

ABOUT DR PALEVSKY

Dr. Palevsky is a NYS licensed pediatrician, who utilizes a holistic approach to children's wellness and illness. Dr. Palevsky received his medical degree from the NYU School of Medicine in 1987, completed a three-year pediatric residency at The Mount Sinai Hospital in NYC in 1990, and served as a pediatric fellow in the ambulatory care out-patient department at Bellevue Hospital, NYC, from 1990-1991. Since 1991, his clinical experience includes working in pediatric emergency and intensive care medicine, in-patient and out-patient pediatric medicine, neonatal intensive care medicine, newborn and delivery room medicine, and conventional, holistic and integrative pediatric private practice.

Dr. Palevsky is a diplomate of the American Board of Integrative Holistic Medicine, and Past-President of the American Holistic Medical Association. He received his pediatric board certification in 1990, and passed his pediatric board recertification exams in 1997, 2004, and 2011.

In his current practice in Northport, Long Island and Manhattan, NYC, Dr. Palevsky offers well-child examinations, consultations and educational programs to families and practitioners in the areas of preventive and holistic health; childhood development; lifestyle changes; nutrition for adults, infants and children; safe, alternative treatments for common and difficult to treat acute and chronic pediatric and adult conditions; vaccination controversies; mindful parenting; and rethinking the medical paradigm. Additionally, he teaches holistic integrative pediatric & adolescent medicine to parents, and medical and allied health professionals, both nationally & internationally, and is available for speaking engagements worldwide.
