

WELCOME TO THE HOLISTIC CHILD HEALTH NEWSLETTER

The goal of my holistic pediatric practice, and of this newsletter, is to inform and support parents to become more empowered as the primary health care providers for their children.

Extending far beyond Western medicine's conventional treatments, holistic medicine and mindful parenting allow us to boost children's natural immunity, support their optimum health and wellness, safely heal any illnesses, and prevent disease-without dangerous side effects. Holistic medicine provides us with the tools to nurture the physical, emotional, social and spiritual health of your children.

Over the coming months and years, I intend to use this newsletter to address some of your concerns as parents, share information that you might want to add to your knowledge base, and inform you of important issues and current events that are happening in the news, and in your area.

Together we can heal the whole child. Naturally.

Yours in Health,

Lawrence B. Palevsky, MD

DID YOU KNOW?

A recent conversation between Sayer Ji and Dennis Kucinich has already been viewed by hundreds of thousands of people on X and Rumble, with many more tuning in to understand the alarming changes in DoD Directive 5240.01

This critical update allows the military to assist civilians with lethal force in emergency situations—posing a significant threat to civil liberties.

In this eye-opening discussion, Kucinich and Ji delve into the implications of this directive, explaining why Congressmen and public figures like Rep. Monty Fritz, Ron Paul, and RFK Jr. are demanding a congressional inquiry into its potential misuse. Even Senator Andy Harris has expressed his concerns, indicating that Congress will investigate the directive when it reconvenes. Despite growing support from independent voices and grassroots movements, the mainstream media has remained silent. Why? Their silence is conspicuous—raising questions about the real agenda behind their lack of coverage. 🗣️ Join the movement to protect your basic civil liberties—this is what independent media is all about. RFK Jr. Is Too Dangerous for Government

<https://www.bloomberg.com/opinion/articles/2024-11-12/michael-bloomberg-rfk-jr-in-trump-administration-would-endanger-public?srnd=opinion>

Dr Palevsky's Comments:

I know RFK, Jr. personally. I've met with him, talked to him, and listened to him share his experience and extensive research, and I don't share former NYC Mayor Bloomberg's viewpoint. I wonder if he has ever spoken to RFK, Jr. himself. I wonder if he has ever investigated RFK, Jr's claims to see, for himself, if any of what RFK, Jr has said could be true. I wonder how much scientific knowledge and medical research former NYC Mayor Bloomberg has under his own belt. I wonder whether readers are going to see former NYC Mayor Bloomberg as a scientific and medical expert. Or, will they see him as one more, in a long line of industry shills, repeating the same-old-same-old mantras to safeguard the bottom line - profits. I think many of us with scientific evidence, medical research, and experience, know the answers to these wonders. If former NYC Mayor Bloomberg is so sure of himself, perhaps allowing RFK, Jr to have a chance in President-elect Trump's new government will help to prove the former Mayor correct. Or, not! I mean, of what could former NYC Mayor Bloomberg be afraid?

PRIME MY BODY

As a pediatrician, I see children dealing with levels of extreme anxiety like never before. The constant fight or flight response affects all aspects of our well-being - sleep patterns, emotional and mental states, ability to focus and manage trauma. It was recently discovered that we have an endocannabinoid system that regulates all of the other systems in our body. This system has become deficient with the overload of toxins and excessive stress from today's world. Hemp, which is a food high in cannabinoids, brings our bodies back into balance when we consume it.

I specifically recommend the CALM Formula, FOCUS Formula, and the SHIELD Formula.

I highly recommend trying a variety of products and doses for your children (and yourself) to see which work best for you. This is the first time I have ever endorsed any product of any kind, but I believe our cannabinoid systems need to be nourished and have seen improvements in my patients who whose CBD and CBG - and these are products I feel confident to stand behind.

Give them a try and please share your family testimonials with us! We want to hear how they work for you so we can begin to document the results.

Note: Currently only available in US, Mexico, Japan and South Africa
