Dear Friends,

Welcome to the Holistic Child Health Newsletter.

The goal of my holistic pediatric practice, and of this newsletter, is to inform and support parents to become more empowered as the primary health care providers for their children.

Extending far beyond Western medicine's conventional treatments, holistic medicine and mindful parenting allow us to boost children's natural immunity, support their optimum health and wellness, safely heal any illnesses, and prevent disease-without dangerous side effects. Holistic medicine provides us with the tools to nurture the physical, emotional, social and spiritual health of your children.

Over the coming months and years, I intend to use this newsletter to address some of your concerns as parents, share information that you might want to add to your knowledge base, and inform you of important issues and current events that are happening in the news, and in your area.

Together we can heal the whole child. Naturally.

Yours in Health,

Lawrence B. Palevsky, MD

The Viral Delusion

**The Tragic Pseudoscience of SARS-CoV-2 &
The Madness of Modern Virology**

The Untold Story Behind The Pandemic

The doctors, scientists and journalists featured in THE VIRAL DELUSION examine in detail the scientific papers that were used to justify the pandemic, and what they find is shattering.

In this shocking, five-part, seven hour documentary series, they explode every single major claim, from the "isolation" of the virus to its so-called genetic sequencing, from the discovery of how to "test" for SARS-CoV2 to the emergence of "variants" that in reality, they explain, exist only on a computer. Their point: that the so-called SARS-CoV-2 virus exists only as a mental construct whose existence in the real world has been disproven by the science itself.

Featuring: Larry Palevsky MD, Andrew Kaufman, MD; Tom Cowan, MD; Stefan Lanka, Virologist; Torsten Engelbrecht, journalist; Claus Kohnlein, MD; Kevin Corbett, PhD RN; David Rasnick, Biochemist PhD; Mark Bailey, MD; Dawn Lester and David Parker, Authors; Stefano Scoglio, Biochemist PhD; Saeed Qureeshi, Chemist PhD; Celia Farber, Journalist; Harold Wallach, PhD; Pam Popper, PhD, ND; Charles Gesheker, PhD; Amandha Vollmer ND, Jim West, Author; and more.

**The opening episode, which is two hours and twenty minutes, will be
available for free from March 21st until May 21st.**

The full package of episodes is available for only \$11.99.

Dr Palevsky joins Vlynn from the Patriot Party Broadcast: The Woo of the Matter with Dr. Palevsky

Vlynn says: “We were excited to welcome one of Vlynn's biggest influences in her Co-vax journey, Dr. Larry Palevsky of the Critically Thinking Podcast with Dr. T and Dr. P. to the Patriot Party Podcast. Dr. Palevsky is a pediatrician in New York who brings a holistic approach to treating his patients. He has been speaking out about the jabs since before the "murder shots" even hit the market. We broke the ice with some baseball talk, then had a great conversation about what he's seeing going on in the world from a pediatrician's perspective, how our energy affects us and the people around us, and what's to come. Dr. P is not afraid of the woo! “
