Dear Friends,

[Save](#)

Welcome to the Holistic Child Health Newsletter.

The goal of my holistic pediatric practice, and of this newsletter, is to inform and support parents to become more empowered as the primary health care providers for their children.

Extending far beyond Western medicine's conventional treatments, holistic medicine and mindful parenting allow us to boost children's natural immunity, support their optimum health and wellness, safely heal any illnesses, and prevent disease-without dangerous side effects. Holistic medicine provides us with the tools to nurture the physical, emotional, social and spiritual health of your children.

Over the coming months and years, I intend to use this newsletter to address some of your concerns as parents, share information that you might want to add to your knowledge base, and inform you of important issues and current events that are happening in the news, and in your area.

Together we can heal the whole child. Naturally.

Yours in Health,

Lawrence B. Palevsky, MD

Dr Palevsky Interviewed by Dr David Moore for the Gentempo Community

While mainstream news has abruptly shifted focus away from C*V*D and the v@cc*nes, that doesn't mean it's time to give up on effecting change or researching the science being used to justify mandates.

But in trying to get to the bottom of the science surrounding C*V*D and v@cc*nes, it often feels like we're left with more questions than answers.

For example, what do you know about spike proteins and their role in naturally occurring vs manufactured viruses? Or the potential reproductive issues on the rise?

Luckily, there are a growing number of doctors and researchers digging into these issues so that we're not simply left to "trust the science" and deal with the consequences later.

One of the people making it their mission to explore these issues and deliver answers is Dr. Lawrence Palevsky. Dr. Palevsky is a NYS licensed pediatrician who has utilized a holistic approach to children's wellness and illnesses for decades and is dedicated to helping people understand what is really going on with C*V*D and v@cc*nes.

In this interview with him, Dr Moore & Dr Palevsky discuss:

- >> Viruses, Spike Proteins, and What We Know About the V@cc*nes
- >> The Psychology Behind Why So Many People Trust the V@cc*nes
- >> Is There a Bigger Agenda at Play?

The Viral Delusion

**The Tragic Pseudoscience of SARS-CoV-2 &
The Madness of Modern Virology**

The Untold Story Behind The Pandemic

The doctors, scientists and journalists featured in THE VIRAL DELUSION examine in detail the scientific papers that were used to justify the pandemic, and what they find is shattering.

In this shocking, five-part, seven hour documentary series, they explode every single major claim, from the "isolation" of the virus to its so-called genetic sequencing, from the discovery of how to "test" for SARS-CoV2 to the emergence of "variants" that in reality, they explain, exist only on a computer. Their point: that the so-called SARS-CoV-2 virus exists only as a mental construct whose existence in the real world has been disproven by the science itself.

Featuring: Larry Palevsky MD, Andrew Kaufman, MD; Tom Cowan, MD; Stefan Lanka, Virologist; Torsten Engelbrecht, journalist; Claus Kohnlein, MD; Kevin Corbett, PhD RN; David Rasnick, Biochemist PhD; Mark Bailey, MD; Dawn Lester and David Parker, Authors; Stefano Scoglio, Biochemist PhD; Saeed Qureeshi, Chemist PhD; Celia Farber, Journalist; Harold Wallach, PhD; Pam Popper, PhD, ND; Charles Geshekte, PhD; Amandha Vollmer ND, Jim West, Author; and more.

**The opening episode, which is two hours and twenty minutes, will be
available for free from March 21st until May 21st.**

The full package of episodes is available for only \$11.99.

ABOUT DR PALEVSKY

Dr. Palevsky is a NYS licensed pediatrician, who utilizes a holistic approach to children's wellness and illness. Dr. Palevsky received his medical degree from the NYU School of Medicine in 1987, completed a three-year pediatric residency at The Mount Sinai Hospital in NYC in 1990, and served as a pediatric fellow in the ambulatory care out-patient department at Bellevue Hospital, NYC, from 1990-1991. Since 1991, his clinical experience includes working in pediatric emergency and intensive care medicine, in-patient and out-patient pediatric medicine, neonatal intensive care medicine, newborn and delivery room medicine, and conventional, holistic and integrative pediatric private practice.

Dr. Palevsky is a diplomate of the American Board of Integrative Holistic Medicine, and Past-President of the American Holistic Medical Association. He received his pediatric board certification in 1990, and passed his pediatric board recertification exams in 1997, 2004, and 2011.

In his current practice in Northport, Long Island and Manhattan, NYC, Dr. Palevsky offers well-child examinations, consultations and educational programs to families and practitioners in the areas of preventive and holistic health; childhood development; lifestyle changes; nutrition for adults, infants and children; safe, alternative treatments for common and difficult to treat acute and chronic pediatric and adult conditions; vaccination controversies; mindful parenting; and rethinking the medical paradigm. Additionally, he teaches holistic integrative pediatric & adolescent medicine to parents, and medical and allied health professionals, both nationally & internationally, and is available for speaking engagements worldwide.
